..... We are excited about the **Thomson-East Coast Line 2 (TEL2) opening!**

It's easier to get to work, home, and everywhere in between with TEL2.

About 100,000 households are now within a 10-minute walk of
a TEL1 or TEL2 station, and many can expect their
travelling time to be reduced by up to half.

With the TEL, you now have more transport options than ever!

The TEL is connected to the North-South Line via Woodlands and the
Circle Line via Caldecott. Bright Hill station will also be an interchange
with the future Cross Island Line. Your commute is about to
become smoother, faster and easier.

It's easier for everyone to travel on the TEL

Public transport is about connecting people to places safely and efficiently. We've added inclusive station features that will make travelling on the TEL more accessible for all.

◀ Clearer signage with greater colour contrasts makes it easier for visually impaired commuters to navigate the stations.

▼ Staircase handrails and the sides of escalators have lights built in to enhance visibility.

◀ Seats on station platforms are equipped with backrests and armrests to bring added comfort to commuters' journeys.

◀ More entrances and exits make it easier than ever for commuters to get to their destinations.

◀ Parking spaces for bicycles are conveniently located outside the stations. This way, commuters can make their last mile journeys to and from MRT stations on their bicycles.

DID YOU KNOW?

TEL2 stations are designed and built with sustainability in mind, with some already attaining BCA's Green Mark certification. Every bit counts in shaping an eco-friendly public transport system!

Welcome aboard for a smoother ride

◀ Each TEL train is about 93m long. That's almost as long as a football field! Each train also weighs 150 tonnes – as much as 32 adult elephants!

▶ TEL trains have five doors on each side instead of the usual four. This allows for quicker boarding and alighting, bringing smoother journeys to commuters.

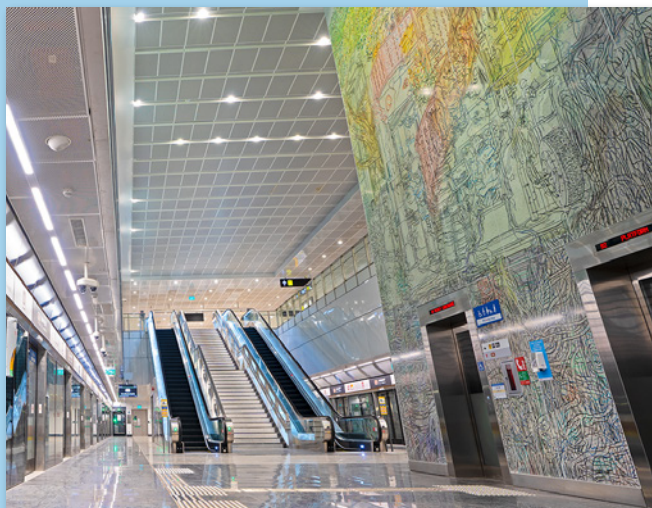

A feast for your senses at Springleaf

Head down to Springleaf for a multi-sensory treat.
Enjoy tasty meals and immerse yourself in rich biodiversity,
all within minutes from the station!

ART IN TRANSIT

The lift shaft depicts a blend of two of Springleaf's most unique and defining characteristics: nostalgic shophouses and lush greenery.

SPRINGLEAF PRATA PLACE

Head to the original outlet of the famous Springleaf Prata Place for a hearty breakfast or supper with friends. Tuck into classics like the Chicken Floss Prata. Or if you're feeling adventurous, try the "Murtaburger", a marriage of a Murtabak and a Ramly burger! It's accessible via the sheltered walkway from the station, so you can make your way there, rain or shine.

SPRINGLEAF NATURE PARK

This nature park is home to more than 80 species of migratory and resident birds, including the White-throated Kingfisher, Long-tailed Parakeet, and Blue-tailed Bee-eater. Cycle along the 1.2km Springleaf Park Connector to enjoy the rich flora and fauna of the area, or enjoy a quiet picnic on the lawn.

Experience old and new at Lentor

Connecting residents to other parts of Singapore, Lentor provides an easier and greener way for residents to move around.

ARCHITECTURAL HIGHLIGHTS

Lentor's curved station entrances resemble the shape of leaves. Keeping with the natural theme, station columns mimic tree trunks, and timber panels on the ceiling allow natural light in, just like rainforest canopies!

ANG MO KIO THYE HUA KWAN HOSPITAL

This community hospital provides inpatient and outpatient rehabilitative and sub-acute care for various debilitating medical conditions, helping each patient safely integrate back into the community.

A new melody at Mayflower

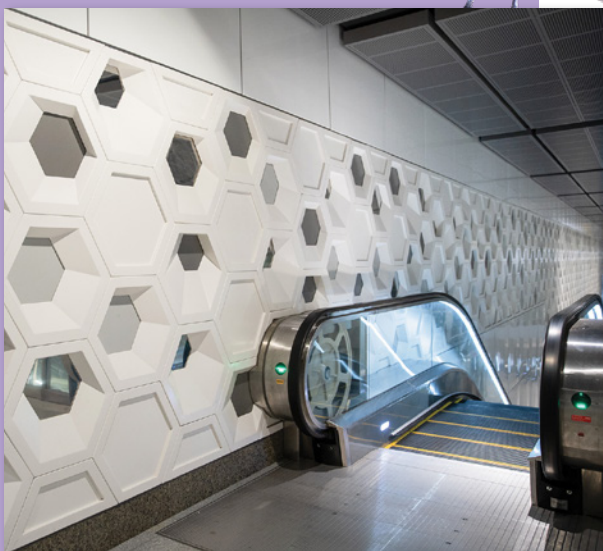

Discover Singapore's unique kampong bird singing heritage and brighten up your commute with the unique artworks displayed around the station.

ARCHITECTURAL HIGHLIGHTS

Be sure to keep an eye out for the honeycomb motif around the interior and exterior of the station. Inspired by mayflowers and honeycombs, these hexagonal shapes reflect the area's songbird watching heritage. Look out for several bird sculptures scattered throughout the station to brighten your journey!

KEBUN BARU BIRDSINGING CLUB

The Kebun Baru Birdsinging Club is home to songbirds like the Oriental White Eye, Red Whiskered Bulbul and Magpie Robin. It is the largest songbird display in Singapore and can hold more than 1000 cages. Hear the birds take centre stage on weekend mornings and join the many visitors, both local and foreign, who have witnessed this amazing sight.

Admission is free!

Be one with nature at Bright Hill

Explore the lush greenery and flowing waterways of the nearby Bishan-Ang Mo Kio Park, the ideal destination for the perfect family outing.

ARCHITECTURAL HIGHLIGHTS

Is that a river flowing across the station's ceiling? Close, but it actually depicts canopy shyness! In a forest, the tops of trees grow close to each other without touching, forming a river-like gap.

BISHAN-ANG MO KIO PARK

Walk, jog, cycle, and play in Bishan-Ang Mo Kio Park, one of the largest urban parks in Singapore. Whether you are here to keep fit, unwind with a walk along the river or hunt for your next Instagram-worthy spot, there's something for everyone! For the young ones, explore the all-access playgrounds for a full day of fun in the sun. If you're lucky, you might even see an otter or two here!

Indulge at Upper Thomson

Upper Thomson is second to none when it comes to shopping, food and art. There's something to satisfy everyone's cravings – and it's all just a short walk away!

ARCHITECTURAL HIGHLIGHTS

Upper Thomson's 5 entrances and exits stretch across Upper Thomson Road, connecting commuters to F&B establishments, residential estates, and more. Keep an eye out for wavy lines around the station, which mimic the traces that wind leaves on sand.

MOLTEN DINERS

Enjoy juicy steaks and hearty brunches at this cosy halal-certified diner. Look out for the specially curated sauces that come with your steak, such as Singapore's first Western-style white pepper sauce, harissa chilli sauce, and the ever-popular black pepper sauce!

Come together at Caldecott

Caldecott connects the TEL to the rest of the MRT network via the Circle Line (CCL), offering residents in the North more transport routes to the rest of the island.

ARCHITECTURAL HIGHLIGHTS

Caldecott is the deepest station in TEL2. The 33.5m escalator from the upper mezzanine to the platform is the longest escalator in TEL2! The station architecture allows skylight to penetrate through, saving energy by cutting down on the need for artificial lighting.

SINGAPORE ASSOCIATION OF THE VISUALLY HANDICAPPED (SAVH)

Founded in 1951, the SAVH provides a wide range of services to those with varying degrees of vision loss. The Mobile Massage Team, Dining in the Dark, and Touch Art programmes allow people to support SAVH's beneficiaries while having a unique day out!
