SCHOOL CREST

The school crest is formed by the letter M for Meridian Secondary School and is designed with two adjoining peaks to represent the unity of Coral Secondary School and Siglap Secondary School.

The peaks stand tall and exude strength in solid foundations.

The silver, blue and green colours symbolise Innovation, Leadership and The Arts.

The silver peaks symbolise an innovative environment to cultivate creative thinkers.

Supporting the silver peaks are two pillars in blue and green which retains the heritage of both schools.

The first pillar in blue symbolises Leadership and the other in green symbolises The Arts.

Together, they represent the strength and unity of Meridians to reach new heights.

Mrs Hilda Thong,
Principal, Meridian Secondary School

How time flies! Meridian Secondary School turns 3 this year! And how we have grown as one Big Meridian Family! We have stayed true to our school motto of Unite to Reach New Heights, always striving and contributing as One Team Meridian to improve the school. At our 3rd Speech Day on 5 April 2019, our Guest of Honour was Dr Doreen Tan, Chairperson of School Advisory Committee (SAC). Dr Tan has been a strong pillar of support for our school in the SAC in Coral and Meridian Secondary. We were proud to present the MOE Service to Education Award to Dr Tan and 3 other SAC members – Mr Anthony Tan, Mr Albert Koh and Mr Tan Poh Seng.

This year, we embarked on two major projects to further enhance teaching and learning and to better cater to the social-emotional needs of students. The first is our Transforming Teaching and Learning Project to better realise our school vision of Meridians as Joyful Learners. Joy of learning takes place only when students take ownership and are actively engaged in their learning. Our students are modern learners who enjoy social interaction, crave constant knowledge, and are always on the go. They are independent, impatient and easily bored.

Hence, we designed our new ABC Active Learning approach to transform teaching and learning in our school. In this approach, Achievement-based Learning challenges students through quizzes or games and allows them to taste success. Bite-Sized Learning involves 'cutting up' the syllabus into smaller chunks of information which are learnt, applied and assessed within each lesson. Collaborative Learning requires students to work in teams, and in the process develop important skills and competencies. To support us in our efforts, MOE Educational Technology Division is working with us on a 1-to-1 Learning Pilot Project. All Sec 1 students are issued a Chromebook to use in school and at home to carry out learning anytime, anywhere.

The other key project we are working on is the GEAR-UP Programme which stands for Guiding and Empowering students for Affiliation and Resilience to Unlock their Potential. This is an after-school engagement programme to enhance student motivation and resilience, and strengthen their connectedness to the school. Since 2017, we have implemented our very own Meridian Lighthouse Programme or MLP to engage students meaningfully after school hours. With additional resources from the GEAR-Up Programme, we have further differentiated our MLP into 3 tiers with customised activities to meet the needs of students in each tier.

At the same time, we have continued our partnership with Singapore Children's Society to operate ChillBox also known as Project Cabin. ChillBox, serving as a student clubhouse, is open every day and all students are welcome. Teachers in charge and a youth worker organise games, competitions, and build rapport with students who drop in. On 6 April 2019 our Guest of Honour, Associate Professor Dr Muhammad Faishal Ibrahim, Senior Parliamentary Secretary, officially launched ChillBox in our school.

In recognition of our students' accomplishments, we introduced two new pinnacle awards. The Tong Kwok Chien All-Round Excellence Award is a new award contributed by our late teacher, Mr Tong Kwok Chien. Despite his failing health in 2018, Mr Tong persevered to continue coming to school to teach his students. This award is presented to students who have demonstrated resilience and excelled both in their CCA and studies. The second new award is the Outstanding CCA Leader Award. Our Meridian Alumni has contributed this award to recognise CCA leaders for excellent performance and outstanding leadership qualities.

All these progress and achievements of our students would not be possible without our dedicated staff who continue to lead, care and inspire. This year, we celebrated with our colleagues who received the Long Service Awards. Among them was Mrs Menon Usha Devi, who was retiring after 45 years of dedicated service as a teacher. She is indeed an inspiration to many of us!

2019 has been another great year for Meridian Secondary. We hope you enjoy looking at the collection of stories in The Meridian Chronicles Volume 3. As one Team Meridian, let us continue to write many more beautiful volumes of The Meridian Chronicles in the years to come!

Unite to Reach New Heights!
