Workflow of COVID-Safe Training for Workers [Updated on 18 June]

Employers to register workers for COVID-Safe training course

- Worker's full name, NRIC/FIN number and mobile number must be provided at time of registration
- Employer representative's full name, company name, designation, mobile number and email must be provided at time of registration
- Registration can be made at https://go.gov.sg/BESafe-register

BCA Academy will schedule workers to attend the online course

 BCA Academy will send an SMS directly to workers with their login details

Workers to attend
COVID-Safe Training
Course online

- Workers will login to attend the online course using the user ID and password sent through SMS at https://go.gov.sg/BESafe-learn
- Workers must complete and pass the course within the timeframe indicated in the SMS they receive
- Employer's representative will be notified of account creation for the workers

Screenshot record of successful completion

- Upon completion of the course, workers may take a screenshot of the successful completion page as proof of passing the test, and inform their employer accordingly.
- Employer should ensure that their workers have passed the test to meet the COVID-Safe Workforce requirement.
- Workers' results will automatically be captured in BCA's system.
