BACKGROUND DETAILS:

Sector :	Electronics
Industry Overview : *(Brief description of the sector)*	Singapore has a growing and vibrant electronics industry that generated more than $131 billion of output in 2020, accounting for about 8.4% of Singapore's GDP. The sector is made up of companies with key activities in semiconductor, consumer electronics and information technology. Other niche areas include encryption technology, integrated circuit design, satellite communications, autonomous vehicle, and wireless technology. Singapore offers the breadth of the electronics value chain, that range from research and development, design, manufacturing, and distribution services. Some of the world's biggest pure-play foundries have manufacturing facilities here, as do many other top outsourced semiconductor assembly and test companies. Beyond semiconductors, Singapore is also a key node in the global supply chain for products ranging from storage and memory products, to microelectromechanical systems (MEMS). These manufacturers are supported by a rich ecosystem of leading materials & equipment and electronics manufacturing services players.

JOB DETAILS :

Job Title : *(Upon Completion Of Programme)*	Electronics Operator (or equivalent RnF role)
Nature Of Job :	Technical in nature, requires providing electronic engineering solutions to a wide range of industries.
Monthly Basic Salary :	Electronics Operator: $1,800 - $2,200 (Starting salary will commensurate with skills, experience and qualifications)

COURSE DETAILS:

Programme Name :	Career Conversion Programme (CCP) for Electronics Operator
Programme Overview :	As part of Workforce Singapore's (WSG) initiative to support mid-career individuals and help them move into new occupations and sectors, WSG worked with the Singapore Economic Development Board (EDB), the Singapore Semiconductor Industry Association (SSIA), and the electronics industry to develop the CCP for Electronics Operator. The CCP integrates job-matching and training to help individuals join the industry, and to reskill those with the necessary competencies to take on new job roles as Operators or equivalent. This is a 3-month programme which operates on a Place-and-Train mode. Candidates are hired by participating companies before undergoing training through customised facilitated classroom training and structured On-the-Job Training (OJT). The programme is designed for different job roles and can be further tailored to individuals' development needs so as to equip them with the relevant skills and competencies for successful career conversions.
Qualification / Certificate Name :	Approximately 60 hours of external/in-house facilitated classroom training
Full-Time / Part-Time :	Full Time
Duration Of Programme :	3 months

Course Pre-Requisites :	Candidates with technical background are preferred but not necessary.
	Individuals - Locals who meet the following criteria can apply for the programme:
	• Singapore Citizen or Singapore Permanent Resident • Minimum 21 years old • Graduated or completed National Service for at least 2 years[1] prior at the point of application • New job role trained for under the CCP should be substantially different from previous job role(s), hence requiring reskilling for career conversion[2] • Meet employer or course-specific selection criteria for each programme, where applicable
	Beyond the general eligibility criteria for CCPs, applicants should also **not** be:
	• Shareholders## of the participating company, or its related entities • Immediate ex-staff of the participating company or its related entities • Related to the owners^ of the participating company
	##*Does not apply to publicly traded shares in listed companies* *^For non-publicly listed companies, refers to individuals with shareholding per ACRA profile*
	Employer – The participating company must fulfil the following criteria: • Registered or incorporated in Singapore • Able to offer employment directly related to the job which the programme is for, with remuneration that commensurate with the market rate • Commit to the training arrangements for the individuals whom they have selected

Frequency of Runs : *(e.g: twice a year, quarterly intake, etc.)*	On-going			
Training Schedule: *(e.g: next intake date)*	Dependent on company's scheduling			
Class Size : *(e.g: no. of pax)*	**Minimum:**	N.A.	**Maximum:**	N.A.

APPLICATION DETAILS:

How To Apply For The Programme : *(e.g : Go to WSG Portal, Apply via Career Centres, Contact Training Provider, etc.)*	Varies with hiring companies. Please check with Programme Partner (Singapore Semiconductor Industry Association)
Training Provider Details :	Interested companies or individuals may contact: Singapore Semiconductor Industry Association (SSIA) Email: ccp@ssia.org.sg

---

[1] This will be counted from the date of graduation from latest qualification, or date of completion of national service, whichever is later.
[2] CCPs are geared towards helping individuals in RnF jobs acquire skills to change careers. Hence, there is a requirement for career conversion when individuals undergo a CCP.
