

NIGHT AT THE LIBRARY

15 - 19 NOV 22

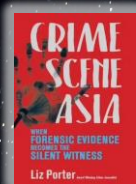

Partnering hyperlocal communities, this annual after-dark event, explores the collective belonging and self-image identities that we assume. Most of us live our lives in daylight but at night, stories and ruminations unfold.

Come along for blended experiential trails and explore through workshops and talks by writers, content creators, animators, photographers, forensic pathologists and astronomy clubs, unravelling the stories through the activities we engage in.
