

# Happy Teachers' Day

An activity book  
for preschoolers

# INTRODUCTION

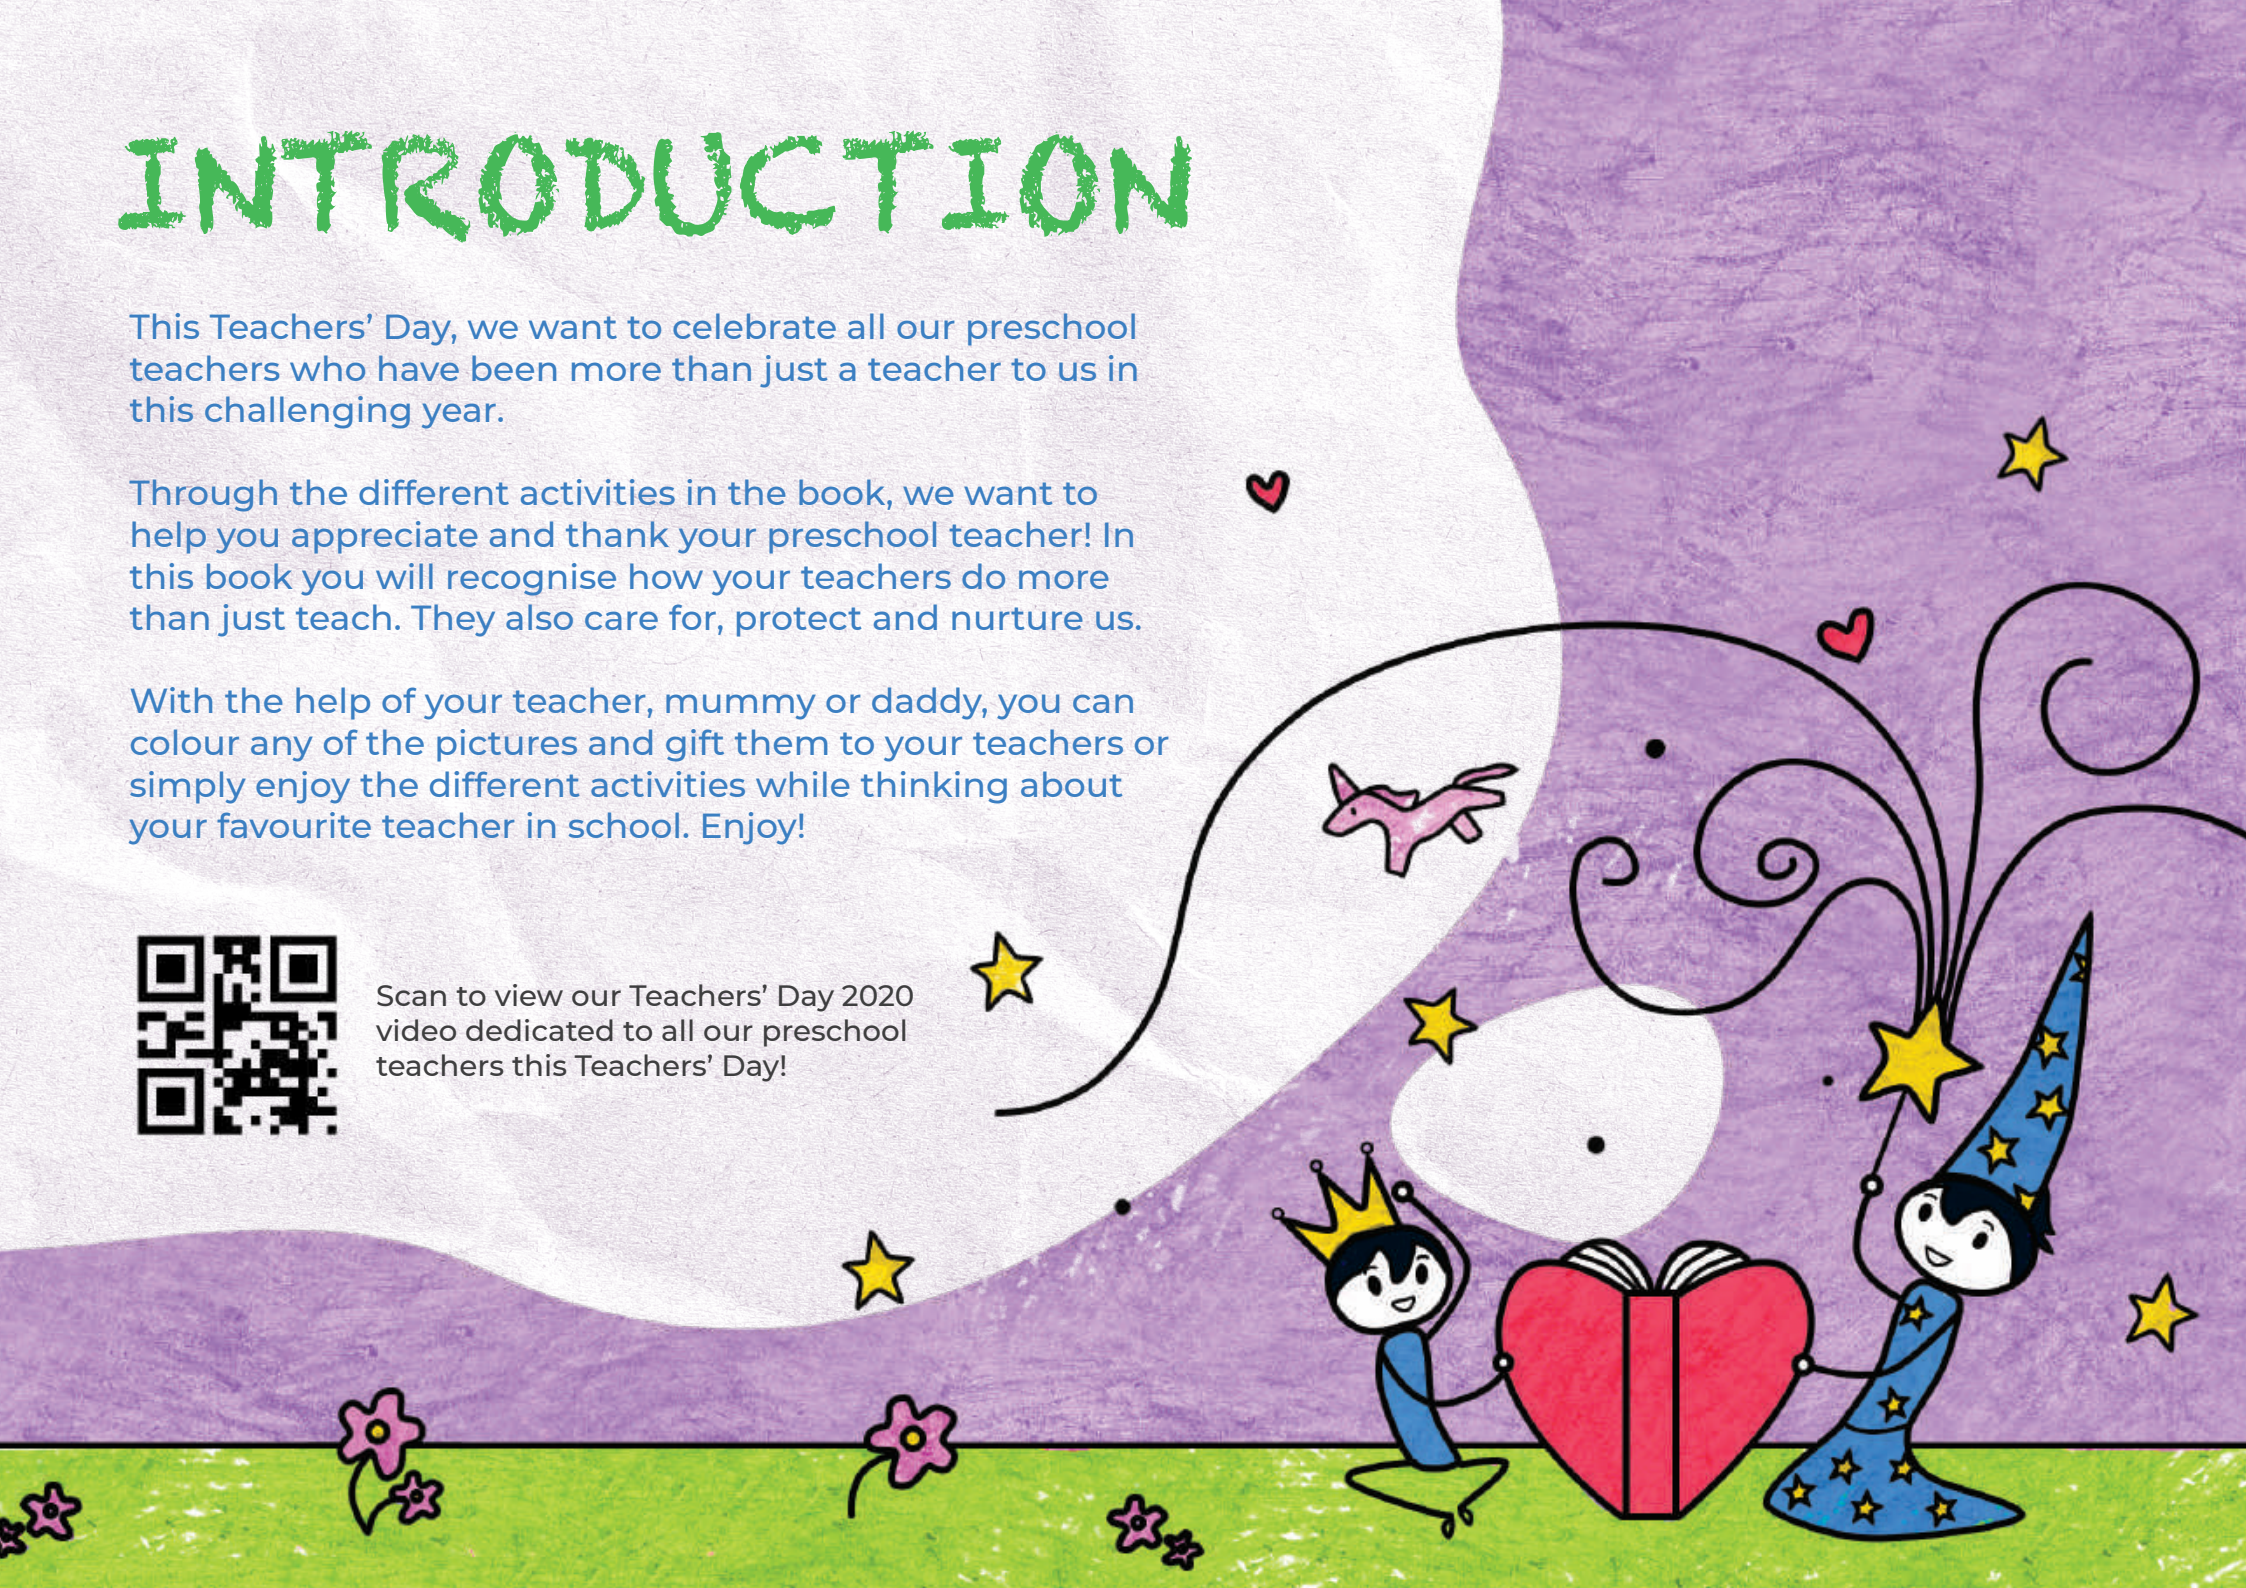

This Teachers' Day, we want to celebrate all our preschool teachers who have been more than just a teacher to us in this challenging year.

Through the different activities in the book, we want to help you appreciate and thank your preschool teacher! In this book you will recognise how your teachers do more than just teach. They also care for, protect and nurture us.

With the help of your teacher, mummy or daddy, you can colour any of the pictures and gift them to your teachers or simply enjoy the different activities while thinking about your favourite teacher in school. Enjoy!
