

# Community Sharing – Lesson material

## Full Name

Nicholas Low

## School / Organisation

CPDD HUMB

## Level

Upper Secondary

## Cluster / Topic

Singapore Cluster - Topic 1 - Small Island City-state

Key Question - What contributes towards Singapore's resilience?

## Use Case

This resource can be used as a case study. The students are pre-assigned the storymap for self-directed reading.

In class or on an online forum, the class discusses the pros and cons of building sustainable neighbourhoods.

Then the students will be asked to complete an open-ended question such as, *'Singapore's sustainable neighborhoods are key in building Singapore's resilience.'* *To what extent do you consider this statement true?*
